

Plans for the Future

Remaining FY 97 SuperMOCA Deliverables (only those funded through JPL)

- ❖ Architecture Document - final version
- ❖ Operations Concept Document - final version
- ❖ JPL Demo System Upgrades
- ❖ Device Descriptions for Road Show Demo
- ❖ Prototype software for Road Show Demo
- ❖ Series of Road Show Demos, finishing (we hope) at the Instrument Society of America Technology Innovation Exhibit
- ❖ Space Messaging System and Information Architecture Specifications - several drafts

Possible Sponsors for the Future

- ❖ NASA Space Operations Management Organization (SOMO)
 - SuperMOCA Proposal sent to SOMO 5/97
 - Covering FY 98, 99, and 00
 - Funding decision by 7/97
- ❖ SuperMOCA Demonstration with LEO-T tracking station
 - Will propose a follow-on control demo to assuming monitor demo is successful
- ❖ DOD - ???

What do you think?

- ❖ Scope and purpose of SuperMOCA
 - Are the problems real?
 - Does SuperMOCA provide a (partial) solution?
- ❖ Technology focus
- ❖ Set of demonstrations
- ❖ Task organization
- ❖ Sponsoring Organizations
- ❖ Partnering Opportunities
